RULES

STAINLESS STEEL RULES a range of high quality stainless steel rules. Easy to read permanently etched graduations showing metric graduations of 1/2mm, mm, cm and imperial graduations of 1/16, 1/32 and 1/64". Metric/Imperial conversion tables are etched on the reverse side. Lengths 6", 12", 24" and 39".

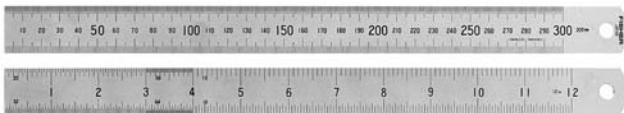

CODE	TYPE	PRICE
040-551	L/C Stainless Steel Rule 6".....	£1.50
040-552	L/C Stainless Steel Rule 12".....	£2.99
040-553	L/C Stainless Steel Rule 24".....	£5.99
040-554	L/C Stainless Steel Rule 39".....	£11.99

FISHER STAINLESS STEEL RULES manufactured from high quality stainless steel. Permanently etched graduations show metric graduations of 1/2mm, mm, cm and imperial graduations of 1/16, 1/32 and 1/64". Lengths 6", 12", 24" and 39".

CODE	TYPE	PRICE
RLSS06	Fisher Stainless Steel Rule 6".....	£2.50
RLSS12	Fisher Stainless Steel Rule 12".....	£3.99
RLSS24	Fisher Stainless Steel Rule 24".....	£7.99
RLSS39	Fisher Stainless Steel Rule 39".....	£15.99

FISHER SATIN CHROME STAINLESS STEEL RULES manufactured in Japan from high quality hardened stainless steel. The satin chrome finish is an ideal surface for printing fine graduations which are easy to read with minimum light reflection. The ruler shows metric graduations of 1/2mm, mm, cm and imperial graduations of 1/10, 1/16, 1/20, 1/32, 1/50 and 1/64". 6", 12" and 24".

CODE	TYPE	PRICE
RLFC06	Fisher Satin Chrome Rule 6".....	£3.99
RLFC12	Fisher Satin Chrome Rule 12".....	£7.99
RLFC24	Fisher Satin Chrome Rule 24".....	£18.99

ALUMINIUM RULES anodised aluminium rule with easy to read markings on both sides. Metric showing graduations of mm and cm, imperial graduations of 1/16, 1/4, 1/2 and 1". Available in 6". Made in England.

CODE	TYPE	PRICE
040-070	Aluminium Rule 6".....	£1.79

FLEXIBLE STEEL RULES a range of flexible stainless steel rules which are useful for measuring curved surfaces. The rules have permanently etched marking showing metric graduations of mm and cm, imperial graduations of 1/16, 1/32, 1/2 and 1".

CODE	TYPE	PRICE
040-013	Flexible Stainless Steel Rule 6".....	£2.50
040-014	Flexible Stainless Steel Rule 12".....	£4.50

STAINLESS STEEL CENTRE RULES a high quality centring rule with permanently etched imperial graduations. The rules are marked on one face only with scales of 6" - 0 - 6"/12" - 0 - 12" graduated in 32nds on one edge, 0 - 12"/0 - 24" graduated in 16ths on the other. Useful when marking out and can also be used as a right/left hand reading rule. Available in 12" and 24".

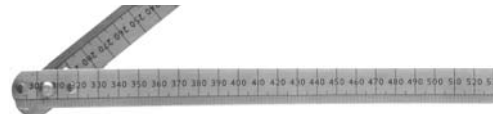

CODE	TYPE	PRICE
RLCF12	Centre Rule 12".....	£5.99
RLCF24	Centre Rule 24".....	£11.99

WIDE PATTERN ALUMINIUM RULE a useful lightweight aluminium rule for use in the workshop, home or drawing office. The rule is graduated in centimetres and millimetres on one edge and inches and sixteenths on the other. Length 600mm long, 50 mm wide and has a hanging hole at one end.

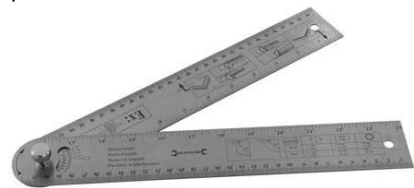

CODE	TYPE	PRICE
040-113	Wide Pattern Aluminium Rule 60cm.....	£6.50

FISHER FOLDING RULES a folding rule with permanently etched markings. The rule folds in half pivoting on a strong rivet. The rule has pressed indentations, these serve to hold the rule straight when extended. The rules have metric and imperial scales, graduated in mm and cm on one side, 1/16, 1/4, 1/2 and 1" on the reverse side. Length overall 24", available in steel or stainless steel.

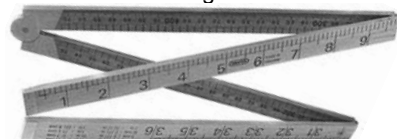

CODE	TYPE	PRICE
040-126	Fisher Stainless Steel Folding Rule 24".....	£7.99

EASY ANGLE PROTRACTOR RULER a heavy duty foldable steel protractor ruler with metric and imperial graduations. It is adjustable through 360° and has an integrated angle finder for easy angle measuring. It is fitted with a tightening screw to lock angle in place for repeated measurements.

CODE	TYPE	PRICE
040-421	Easy Angle Protractor Ruler 600mm.....	£4.99

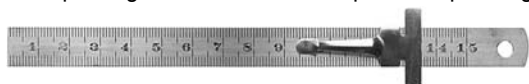

FOLDING RULES two types of these useful rules are available, a plastic type manufactured from tough impact resistant ABS plastic with clear graduations of mm/cm on one side, imperial on the other graduated in 1/8". The hardwood folding rule has black graduations and solid brass hinges and tips. Metric on one side showing cm, mm. Imperial on the reverse showing inches and 1/8". Length overall 1M/39", folding down to 10 1/2".

CODE	TYPE	PRICE
12392	Plastic Folding Rule 39".....	£9.50
36522	Hardwood Folding Rule 39".....	£11.99

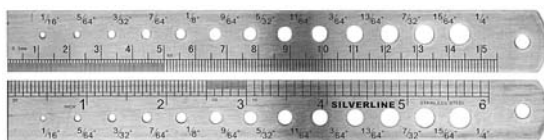

SQUIRES MODEL & CRAFT TOOLS

POCKET RULE WITH CLIP a 150mm stainless steel rule with metric and imperial graduations. Fitted a pocket clip/sliding depth gauge.

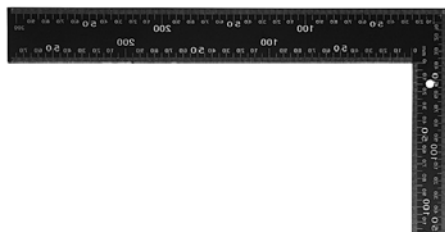

CODE TYPE PRICE
040-611 S/L Pocket Rule with Pocket Clip/Depth Gauge... £1.99

RULE WITH DRILL GAUGE a 150mm stainless steel rule with metric and imperial graduations. This rule also features a series of holes 1/16" - 1/4", ideal for identifying drill sizes etc.

CODE TYPE PRICE
040-959 Stainless Steel Rule 150mm with Drill Gauge..... £1.99

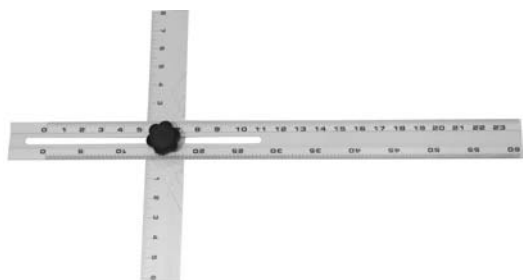

FLAT MARKING OUT RULER/SQUARE a one piece flat square useful for measuring and marking out on flat material such as foam board and polystyrene sheet. The square is steel with a black finish and has metric and imperial markings. Although not a precision tool, it is useful addition to the modellers work bench.

Dims:-
200 x 300mm.

CODE TYPE PRICE
040-894 L/C Flat Marking Out Ruler/Square 200x300mm. £4.50

ADJUSTABLE T SQUARE 24" made from a light alloy steel, can be used for measuring various angles and is ideal for woodworking and many other marking out applications. Size 660mm x 360mm.

CODE TYPE PRICE
160-211 Adjustable T Square 24"/600mm..... £8.99

SCALE RULES

PECO N SCALE RULE a handy stainless steel rule useful for all British N Gauge modellers. It carries markings showing the correct measurements up to 50ft for British N Scale (1:148), ideal for scratch building, kit building and for measuring scale distances on the layout. The correct coupling height for PECO N gauge rolling stock is also shown, along with a track centre guide for positioning multiple track formations.

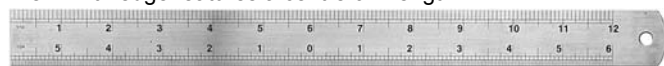

CODE TYPE PRICE
040-002 Peco N Scale Rule..... £3.99

STAINLESS STEEL SCALE RULES a range of flat profile stainless steel scale rules covering a range of popular modelling scales. All types have permanently etched markings on a satin finish. The reverse side of all types has a range of conversion tables covering inches to mm, metric tapping drill sizes, BA tapping and clearance sizes. All rules are 12".

CODE TYPE PRICE
040-102 S/Steel Scale Rule 2mm/Foot - N Gauge..... £3.99
040-103 S/Steel Scale Rule 3.5mm/Foot - HO Gauge..... £3.99
040-104 S/Steel Scale Rule 4mm/Foot - OO Gauge..... £3.99
040-107 S/Steel Scale Rule 7mm/Foot - O Gauge..... £3.99
040-112 S/Steel Scale Rule 1"/Foot - 1/12th Scale..... £3.99
040-128 S/Steel Scale Rule 1/2"/Foot - 1/24th Scale..... £3.99
040-135 S/Steel Scale Rule 1/35th - Military Modelling..... £3.99
040-172 S/Steel Scale Rule 1/72nd - Military Modelling..... £3.99

STAINLESS STEEL SCALE RULE a flat profile stainless steel scale rule with 1/12th and 1/24th permanently etched markings. The 1/24th edge features a centre 0. Length 12".

CODE TYPE PRICE
040-241 S/Steel Scale Rule 1/12th - 1/24th Scale..... £3.99

SCALE RULES a range high quality aluminium scale rules. The section of the rule is triangular allowing six working edges for the various scales. This arrangement allows a clear, uncluttered scale to be read. 2 types are available:- Metric showing 1:100, 1:200, 1:300, 1:400, 1:500 and 1:600. The imperial scales read 1:12, 1:24, 1:35, 2mm = 1 foot, 4mm = 1 foot and 7mm = 1 foot.

CODE TYPE PRICE
RL1001 Scale Rule Metric 15cm..... £5.89
RL1002 Scale Rule Metric 30cm..... £14.99
RL1003 Scale Rule Imperial 15cm..... £5.99

TRIANGULAR SCALE RULE METRIC a high quality aluminium metric scale rule. The section of the rule is triangular allowing six working edges for the various scales. This arrangement allows a clear, uncluttered scale to be read. 1:20, 1:25, 1:50, 1:75, 1:100 and 1:125. Length 30cm.

CODE TYPE PRICE
041-125 Triangular Scale Rule Metric 30cm..... £2.99

RULER STOP

RULER STOP a handy tool machined from steel with a knurled brass nut. The Rule Stop will fit onto virtually any standard steel rule between 8mm(5/16") and 32mm(1-1/4") wide. It clamps firmly and square to the rule by virtue of an internal dovetail face and fine machining. It turns the humble steel rule into a depth gauge, a transfer gauge and small square.

CODE TYPE PRICE
040-047 Ruler Stop..... £5.99

SQUIRES MODEL & CRAFT TOOLS

BEVELLED STRAIGHT EDGE

BEVELLED STRAIGHT EDGE a top quality steel workshop straight edge used for cutting thin material such as card and veneer and for checking the straightness of lengths of timber, machine tables, plane soles etc. It is 38mm wide and 5mm thick and ground on all surfaces for accuracy. Length 450mm.

CODE	TYPE	PRICE
040-350	Bevelled Straight 450mm.....	£11.99

"PERFECT MARKER" TRAMMEL POINTS ideal for marking out and layout work. Secures easily to most standard spirit levels, used for marking and scribing circles and radii.

CODE	TYPE	PRICE
160-185	"Perfect Marker" Trammel Points.....	£2.99

DEPTH GAUGES

DEPTH GAUGE a 6"/150mm depth gauge with permanently etched graduations on the rule. The metric and imperial scales are on opposite sides, the rule is easily turned over in the depth stop which can be locked in position.

CODE	TYPE	PRICE
DG0010	Depth Gauge 6"/150mm.....	£4.99

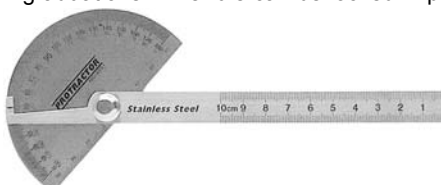

DIGITAL DEPTH GAUGE a digital depth gauge ideal for checking tyres, brake shoes and hole depths. It has a 0.01mm resolution and metric and imperial modes. With a clear LCD display and measuring range of 0 - 25mm. Requires 1 x CR2032 battery (not supplied).

CODE	TYPE	PRICE
040-085	Digital Depth Gauge 0 - 25mm.....	£11.99

PROTRACTORS

STAINLESS STEEL PROTRACTOR a stainless steel protractor with permanently etched graduations on the plate and ruler. The protractor plate is graduated 0-180° in opposite directions, the bottom edge of the plate also has a metric scale. The rule is marked 0 - 100mm in mm graduations. The rule can be locked in position. Plate dims:- 90 x 50mm.

CODE	TYPE	PRICE
040-015	Stainless Steel Protractor.....	£5.99

DEPTH GAUGE PROTRACTOR a stainless steel protractor with a depth gauge rule. The protractor plate is graduated 0-180° in opposite directions, the 6" depth gauge rule can be locked in position, and is graduated in metric and imperial. All graduations are permanently etched. Plate dims:- 3½" x 2".

CODE	TYPE	PRICE
PRDG20	Depth Gauge Protractor.....	£8.99

ANGLE MEASURER

ANGLE MEASURER a simple device that gives a direct reading of corner angles in the range 25° to 165° and it also gives an automatic readout of the half angle needed for cutting mitre joints. It is manufactured with anodised aluminium arms with clear angle markings. Length overall 380mm.

CODE	TYPE	PRICE
040-111	Angle Measurer 25° to 165°.....	£7.99

RADIUS GAUGES

L/C METRIC RADIUS GAUGES a range of economically priced radius gauges with folding leaves and accurately formed concave and convex radii for fast, positive identification of various radii. The blades are individually stamped.

CODE	TYPE	PRICE
040-609	L/C Radius Gauge 1 - 7mm.....	£6.55
040-569	L/C Radius Gauge 7.5 - 15mm.....	£8.99
040-610	L/C Radius Gauge 15.5 - 25mm.....	£9.99

RADIUS GAUGE with folding leaves and accurately formed concave and convex radii for fast, positive identification of various radii. The blades are individually stamped. Manufactured in .0 - 3mm in 0.25mm increments and 3.5 to 7mm in 0.50mm increments. Made in Germany.

CODE	TYPE	PRICE
040-125	Radius Gauge.....	£12.99

CODE	TYPE	PRICE
19613	Dual Reading Combi Feeler Gauge 32 Blades....	£19.99

CALIPER GAUGES

MINIATURE BRASS CALIPERS pocket size vernier type calipers with graduations in metric and imperial. 3 sizes are available, ideal for working in confined spaces.

CODE	TYPE	PRICE
GAGP02	Mini Brass Caliper Gauge 2".....	£3.55
GAGP03	Mini Brass Caliper Gauge 3".....	£3.99
GAGP04	Mini Brass Caliper Gauge 4".....	£4.99

DRAPER PLASTIC CALIPER GAUGE for internal, external and depth measurements. Metric and imperial graduations, reading 150mm/6" with a vernier scale of 1/128" x 0.05mm.

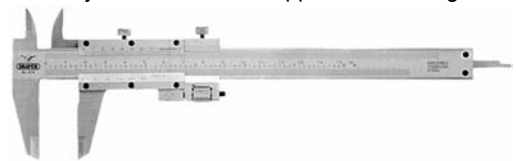

CODE	TYPE	PRICE
GAP010	Draper Plastic Caliper Gauge.....	£3.50

DRAPER CALIPER GAUGES general purpose steel caliper gauges for internal, external and depth measurements with a thumb wheel for fine adjustment. Metric and imperial graduation reading 110mm/4½" and 150mm/6". Both sizes have a vernier scale of 1/128" x 0.05mm. Made in Germany.

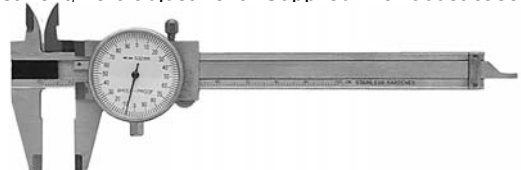

CODE	TYPE	PRICE
GAGP05	Draper Caliper Gauge 5".....	£5.99
GAGP06	Draper Caliper Gauge 6".....	£7.49

DRAPER EXPERT QUALITY VERNIER GAUGE with fine adjustment screw for internal, external, depth and step measurements. Manufactured from high quality stainless steel with permanently etched graduations reading 0-140mm/0-5-1/2" with a vernier scale of 0.001" (1/1000") and 0.02mm (1/50mm). Matt chrome plated beam and fine adjustment screw. Supplied in a storage case.

CODE	TYPE	PRICE
GAF40	Expert Quality Vernier Gauge with Fine Adj.....	£28.99

STAINLESS STEEL DIAL CALIPER GAUGE easy to use caliper gauge for internal, external, depth and step measurement. Ideal for small small components or in restricted spaces, measuring range 0-100mm with a clear read-off to 0.02mm. Thumb wheel for fine adjustment, zero adjustment. Supplied in a robust case.

CODE	TYPE	PRICE
GADG23	Mini S/S Dial Caliper Gauge Metric 0 - 100mm....	£24.99

MICROMETERS

METRIC MICROMETERS standard quality outside micrometers, with error adjustment screw. 2 types are available, metric reading 0-25mm graduated to 1/50mm (0.01mm) and imperial reading 0-1" graduated 0.001".

CODE	TYPE	PRICE
GA0060	Metric Micrometer 0-25mm.....	£5.99
040-061	Imperial Micrometer 0-1".....	£5.99

HIGH QUALITY METRIC MICROMETER 0-25MM a high quality metric micrometer with an enamelled bow frame which is cut away at the anvil end to facilitate measurements in narrow slots. It has tungsten carbide measuring surfaces, pearl chrome plate thimble and sleeve with ratchet and locking lever. It is fitted with heat resistant pads. Measuring range 0-25mm graduated to 0.01mm. Supplied in a storage box with adjustment tool.

CODE	TYPE	PRICE
GA0066	High Quality Metric Micrometer 0-25mm.....	£14.99

SQUIRES MODEL & CRAFT TOOLS

MOORE & WRIGHT EXTERNAL MICROMETERS 0-1" & 0-25mm the 965 series micrometers have a dark blue enamelled recessed bow frame cut away at the anvil end to facilitate usage in narrow slots. Pearl chrome plate thimble and sleeve with ratchet and locking lever. The 1965 and 1965M are similar to 965 and 965M except that they have tungsten carbide tips. Each is supplied in a plastic storage case with adjustment wrench.

MEASURING SETS

6 PIECE MEASURING SET a useful selection of measuring tools which are commonly used in almost any project. The set contains:-6" spring dividers, 6" outside calipers, 6" inside calipers, depth gauge, pocket ruler and a vernier caliper gauge.

CODE	TYPE	PRICE
59110	6 Piece Measuring Set.....	£22.99

BORE GAUGES

L/C BORE GAUGES a range of economically priced bore gauges manufactured from stainless steel with permanently etched metric graduations. The taper is accurate throughout the length of the gauge making it a convenient tool for measuring diameters of small holes and slots etc.

CODE	TYPE	PRICE
040-822	L/C Bore Gauge 1 - 15mm.....	£3.99
040-202	L/C Bore Gauge 15 - 30mm.....	£6.99
040-712	L/C Bore Gauge 30 - 45mm.....	£7.99

BORE GAUGE METRIC manufactured from stainless steel with permanently etched metric graduations. The taper is accurate throughout the length of the gauge making it a convenient tool for measuring diameters of small holes and slots etc. Range 1 - 15mm.

CODE	TYPE	PRICE
040-201	Groz Bore Gauge Metric 1 - 15mm.....	£6.99

TELESCOPIC GAUGE SET

TELESCOPIC GAUGE SET used for the accurate measuring of bore diameters and groove widths. The spring-loaded plunger expands within the groove and is then locked in position. The bore gauge is then removed and the size can then be measured with a micrometer or caliper gauge. Satin chrome finish and supplied in a PVC wallet. The set of 6 gauges cover the size range from 8mm (5/16") to 150mm (6").

CODE	TYPE	PRICE
52416	Telescopic Gauge Set.....	£29.99

UNIVERSAL BEVEL PROTRACTOR

UNIVERSAL BEVEL PROTRACTOR SET used for the accurate measuring of angles, setting up jigs, laying out, and can be used for assembling and machining. It is fully calibrated through 360° and has a magnifying glass for clear reading. It is supplied with a 300mm plain rule and acute angle attachment. Supplied in a plastic case for safe storage.

CODE	TYPE	PRICE
52430	Universal Bevel Protractor Set.....	£64.99

MAGNETIC BASES & DIAL GAUGES

MINIATURE MAGNETIC BASE miniature magnetic base with fine adjustment for use with dial test indicators. The powerful magnet in the base which is always engaged. The base has a precision ground surface and a keeper plate is supplied which should be replaced after use.

Overall height - 138mm.
Shaft height - 100mm.
Base diameter - 28mm.

CODE	TYPE	PRICE
GA0125	Mini Magnetic Base with Fine Adjustment.....	£9.99

SQUIRES MODEL & CRAFT TOOLS

STANDARD MAGNETIC BASE a high quality magnetic base for use with dial test indicators with fine adjustment. Features a strong magnet which is operated by an On/Off switch. Precision ground surface.

Base dimensions
50 x 55 x 60mm.
Main shaft
180 x 12mm.
Height overall 240mm.
Product subject to minor design change.

CODE	TYPE	PRICE
GA0132	Magnetic Base with Fine Adjustment.....	£24.99

METRIC DIAL INDICATOR 41mm an expert quality metric dial indicator reading 0 - 100 in metric graduations of 0.01mm with a range of 5mm. The bezel diameter is 41mm.

CODE	TYPE	PRICE
51855	Metric Dial Indicator 0.01mm/5mm.....	£39.99

DIAL INDICATORS 55mm expert quality dial indicators reading 0 - 100 in metric or imperial graduations. The bezel diameter is 55mm. The metric version is graduated 0.01mm, range 10mm. The imperial version is 0.0005", range 1".

CODE	TYPE	PRICE
51830	Dial Indicator 0.01mm/10mm.....	£24.99
51831	Dial Indicator 0.0005"/1".....	£29.99

DUAL READING DIAL INDICATOR GAUGE an Expert Quality dual reading dial gauge, reading 0 - 100 in metric and imperial graduations. Graduations 0 - 25mm x 0.01mm & 0 - 1" x 0.001". The bezel diameter is 55mm with an 8mm stem. It is fitted with a lug on the back of the case.

CODE	TYPE	PRICE
65781	Dial Indicator Gauge Metric & Imperial.....	£49.99

METRIC DIAL INDICATOR an expert quality metric dial indicator reading 0 - 40 - 0 in graduations of 0.01mm. The bezel diameter is 31mm. It is fitted with two mounting lugs.

CODE	TYPE	PRICE
040-022	Metric Dial Indicator.....	£32.99

DRAPER DIAL TEST INDICATOR KIT METRIC an ideal all-round expert quality dial test indicator kit for engineers and apprentices. The dial test indicators have an accuracy of 0.01mm. Contains:- metric dial test indicator (0-25mm) with plunger, metric dial test indicator (0-1.5mm) with stylus, magnetic stand with fine adjustment, 22 interchangeable tips for dial test indicator with plunger and 6mm and 8mm stylus for dial test indicator clamp.

CODE	TYPE	PRICE
46609	Draper Dial Test Indicator Kit Metric.....	£99.99

WIGGLER AND CENTRE FINDER SET

WIGGLER SET for the accurate location of working points on drill presses, milling and jig boring machines etc. Contents:- chuck holder, needle point, ball contact, disc contact attachments and off-set indicator holder. All supplied in a plastic storage wallet. 2 sets are available, a good quality budget set and a premium set manufactured by LS Starrett Company.

CODE	TYPE	PRICE
040-707	L/C Wiggler and Centre Finder Set.....	£8.99
040-828	Starrett Wiggler and Centre Finder Set.....	£39.99

WATERLINE MARKER

WATERLINE MARKER ideal for the accurate marking of water-lines on model ships, also useful for marking lines on many other models including model cars and aeroplanes etc. Supplied complete with pencil which can be set at any position on the pillar. Pillar height 200mm, height overall 250mm.

CODE	TYPE	PRICE
EA7378	Waterline Marker.....	£15.99

SQUIRES MODEL & CRAFT TOOLS

SURFACE GAUGES

UNIVERSAL SURFACE GAUGE manufactured from tool steel hardened and tempered and supplied with two pillars - 230mm and 300mm. The double-ended scriber can be mounted in any position and set at any angle on the pillar, final fine adjustment is obtained by the adjusting screw on the base. The base has a 'V' groove for use on cylindrical work and two retractable gauge pins are provided. Base width 80mm x 65mm.

CODE	TYPE	PRICE
GASG39	Universal Surface Gauge.....	£21.99
M/W101B	Moore & Wright Universal Surface gauge.....	£84.99

SURFACE PLATE

GRANITE SURFACE PLATE a handy flat surface for measuring. Made entirely of granite it will always remain flat and changes in temperature and humidity will not effect its accuracy. Dims 305 x 230 x 50mm. Flatness ± 0.002 mm

CODE	TYPE	PRICE
040-191	Granite Surface plate 305 x 230 x 50mm.....	£39.99

WORKSHOP ANGLE PLATES high quality angle plates used for layout and inspection work.

Manufactured from high quality close grain cast iron precision ground flat and square. 3 sizes are available.

CODE	TYPE	PRICE
PG2	Workshop Angle Plate 2" x 2" x 2".....	£9.99
PG3	Workshop Angle Plate 3" x 3" x 3".....	£13.99
PG4	Workshop Angle Plate 4" x 4" x 4".....	£19.99

ENGINEERS MINI LEVELS

MOORE & WRIGHT MINI LEVEL a small general purpose pocket level manufactured to exacting standards. It is manufactured from a single block of carbon steel and has a single vial. Ultra compact dimensions:- Length 50mm, width 18mm, height 18mm. Accuracy $\pm 1^\circ$

CODE	TYPE	PRICE
ELT001X	Moore & Wright Mini Level with Single Vial.....	£12.39

MOORE & WRIGHT MINI LEVEL WITH VERTICAL PLUMB VIAL a small general purpose pocket level manufactured to exacting standards. It is manufactured from a single block of carbon steel and features a horizontal and vertical plumb vial. Compact dimensions:- Length 65mm, width 20mm, height 38mm. Accuracy $\pm 1^\circ$.

CODE	TYPE	PRICE
ELT002X	Moore & Wright Mini Level with 2 Vials.....	£24.99

CALIPERS & DIVIDERS

SPRING CALIPERS AND DIVIDERS used for comparative measurements and marking out. Each has finely ground points and a hand wheel for fine adjustment. 3", 5" and 6" sizes.

Outside caliper Inside caliper Spring divider

CODE	TYPE	PRICE
CA0023	Outside Caliper 3".....	£3.79
040-166	Outside Caliper 5".....	£4.99

SQUIRES MODEL & CRAFT TOOLS

ODDLEG CALIPERS

JENNY CALIPER oddleg calipers manufactured from polished tool steel. The marking point which is mounted on the offset leg is ground to a fine point and the straight leg has a locating spur.

CODE	TYPE	PRICE
040-960	L/C Jenny Calipers 6".....	£6.89
MW3415	Moore & Wright Jenny Calipers 5".....	£10.99

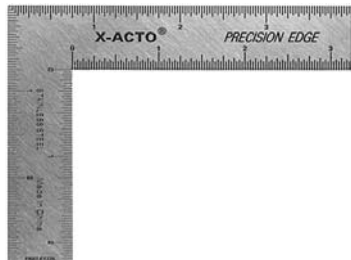

FLAT SQUARES

X-ACTO 3" TRIANGLE SQUARE a stainless steel triangle with permanently etched imperial graduations. The triangle square is flat, to lay on the work piece.

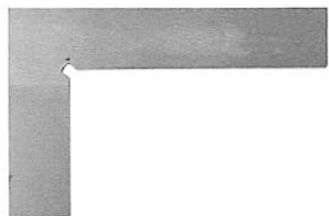

CODE	TYPE	PRICE
X7725	X-Acto 3" Triangle Square.....	£6.99

X-ACTO 3" X 4" FLAT SQUARE a stainless steel flat square with accurate permanently etched imperial graduations. The square is flat to lay on the work piece.

CODE	TYPE	PRICE
X7726	X-Acto 3" x 4" Flat Square.....	£6.99

STAINLESS STEEL FLAT ENGINEERS SQUARES a range of flat one piece solid steel squares which will lay flat on the work-piece. Manufactured from Inox steel to DIN875/0 for squareness and parallelism. Use for precision measuring in the workshop. Supplied in a hinged wooden box.

CODE	TYPE	PRICE
040-210	Precision Flat Square 75 x 50mm.....	£12.99
040-211	Precision Flat Square 100 x 75mm.....	£13.99

MINIMUM ORDER VALUE £15.00**

ENGINEERS SQUARES

MINIATURE ENGINEERS SQUARE with solid steel stock with hardened, tempered and finely polished blade. Manufactured conforming to BS939 workshop grade B for squareness.

Tolerance of the working surface and the blade edge falls within 0.016mm/0.00064".

CODE	TYPE	PRICE
041-101	Miniature Engineers Square 1".....	£6.50

FISHER ENGINEERS SQUARES solid steel stock with hardened, tempered and finely polished blades. Manufactured conforming to BS939 workshop grade B for squareness.

Tolerance of the working surface and the blade edge falls within 0.016mm/0.00064".

CODE	TYPE	PRICE
041-002	Fisher Engineers Square to BS939B 2".....	£8.50
041-003	Fisher Engineers Square to BS939B 3".....	£8.99
041-004	Fisher Engineers Square to BS939B 4".....	£9.50
041-006	Fisher Engineers Square to BS939B 6".....	£11.50
041-009	Fisher Engineers Square to BS939B 9".....	£29.99
041-012	Fisher Engineers Square to BS939B 12".....	£39.99

4 PIECE ENGINEERS SQUARE SET a set containing 4 carefully crafted engineers squares manufactured from high quality tool steel. The stock and blade are precision ground to ensure straightness and accuracy, and the spring steel blade is hardened and tempered for increased durability. Manufactured to BS939 workshop Grade B. Supplied in a wooden storage case containing 2", 3", 4" & 6".

CODE	TYPE	PRICE
040-246	4 Piece Engineers Square Set to BS939B.....	£39.99

ENGINEERS KNIFE EDGE SQUARES a range of high quality knife edge squares with solid steel stocks hardened, tempered and finely polished. These squares will lay flat on the work piece and facilitate precise visual control. The 50mm square is manufactured to DIN875/00 form C, the 100mm and 150mm sizes are manufactured to BS939 Workshop Grade B for squareness.

Dimensions:-
040-050:- 50 x 40mm

CODE	TYPE	PRICE
040-050	Engineers Knife Edge Square 50mm.....	£29.99

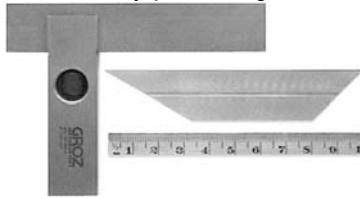

SQUIRES MODEL & CRAFT TOOLS

ENGINEERS STOP SQUARES a range of precision stop squares similar to a flat engineers square but with an extra piece added to the shorter blade. This piece would be lined up to the edge of the workpiece which ensures accurate marking with the blade on the work. The stop also allows the square to stand freely, this is ideal for use with a surface plate for example. Manufactured from special steel to DIN875/11 for squareness and parallelism.

CODE	TYPE	PRICE
040-300	Engineers Stop Square 75 x 50mm.....	£12.99
040-310	Engineers Stop Square 100 x 70mm.....	£14.99
040-320	Engineers Stop Square 150 x 100mm.....	£19.99

ADJUSTABLE ENGINEERS SQUARE a high quality precision adjustable square which is equally suited for engineering and cabinet making. The stock is supplied with 2 blades, one has square ends, the other blade has a 45° and a 60° end, a small steel rule with metric graduations is supplied which can also be held in the stock. The stock can be fixed at any point along the blades and locked in position. The blade lengths are 4" and 2½" for the stock. All edges and faces are ground for squareness.

CODE	TYPE	PRICE
040-010	Adjustable Engineers Square.....	£29.99

ENGINEERS MARKING GAUGE

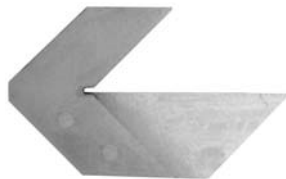

ENGINEERS MARKING GAUGE a high quality precision marking gauge which is equally suited for engineering and cabinet making. It has permanent metric graduations which are easily read against the pearl chrome background. The setting can be locked using a large knurled nut. Ideal for transferring dimensions, rebate depths etc. Graduations 0 - 200mm. All edges and faces are ground for squareness.

CODE	TYPE	PRICE
040-020	Engineers Marking Gauge 0 - 200mm.....	£14.99

CENTRE SQUARES

ENGINEERS CENTRE SQUARES used for fast and accurate location of centres in any round stock, particularly useful for machinists, toolmakers and lathe work. Manufactured from quality tool steel, hardened and tempered. 2 sizes are available for maximum dia of 38mm/1½" and maximum dia of 76mm/3". Length overall 80mm and 140mm respectively.

CODE	TYPE	PRICE
040-003	Engineers Centre Square 38mm/1½".....	£6.99
040-004	Engineers Centre Square 76mm/3".....	£12.99

SCRIBES

MACHINISTS SCRIBER with a single hardened ground point and knurled body. Length 114mm/4½".

CODE	TYPE	PRICE
040-086	Machinists Scribe 114mm/4½".....	£1.99

ECLIPSE MACHINISTS SCRIBER a single ended scribe with knurled body and finely ground point. Length 5".

CODE	TYPE	PRICE
ECL227	Eclipse Machinists Scribe 5".....	£3.99

ENGINEERS SCRIBER a double ended scribe with hardened and ground points. Length 7".

CODE	TYPE	PRICE
SCR010	Engineers Scribe.....	£2.50
ECL222	Eclipse Engineers Scriber.....	£4.99

HANDY SCRIBER double ended scribe with a point and a knife end for use as a scraper. Hardened and ground. Length 7".

CODE	TYPE	PRICE
SCR020	Handy Scribe.....	£2.50
76229R	Eclipse Handy Scriber.....	£7.99

ENGINEERS MINI POCKET SCRIBER a useful sized pocket scribe with a hardened steel reversible point and pocket clip. Length 3½"/89mm.

CODE	TYPE	PRICE
040-151	Engineers Mini Pocket Scribe.....	£3.79

ENGINEERS POCKET SCRIBER a good quality pocket scribe with knurled grip and pocket clip. The tip is reversible for safe storage in the pocket when not in use. Length 125mm.

CODE	TYPE	PRICE
34104	Engineers Pocket Scriber.....	£4.99

TCT SCRIBER AND GLASS CUTTER a high quality scribe with a tungsten carbide tip. It has a tip guard and pocket clip. Length 145mm.

CODE	TYPE	PRICE
040-657	TCT Scriber and Glass Cutter.....	£2.99

CARBIDE TIP SCRIBER with a single carbide point for marking hardened material including steel and ceramics. The body is lightweight aluminium, knurled for good grip and is fitted with a pocket clip. Length 4½".

CODE	TYPE	PRICE
040-470	Carbide Tip Scribe 4½".....	£3.99

SQUIRES MODEL & CRAFT TOOLS

CARBIDE TIP SCRIBER with a single carbide point for marking hardened material including steel and ceramics. Heavy knurled body with pocket clip. Length 5½".

CODE	TYPE	PRICE
040-055	Carbide Tip Scriber 5½"	£5.99

POCKET SCRIBE WITH TUNGSTEN POINT a clutch pencil scribe with a tungsten carbide point. Ideal for all scribing and will scribe hardened materials including steel and ceramics. The body is chrome finish, with a pocket clip. When not in use the point can be retracted into the body.

CODE	TYPE	PRICE
040-075	Pocket Scribe with Tungsten Point	£5.99

SLIM TUNGSTEN TIP SCRIBER a clutch pencil scribe with a 0.5mm tungsten carbide point. It is ideal for all delicate scribing and will scribe hardened materials including steel and ceramics. The body is silver anodised and has a pocket clip. When not in use the point can be retracted into the body. Spare points are available. Length 5½".

CODE	TYPE	PRICE
SCR930	Slim Tungsten Tip Scriber	£9.99
SCR931	Spare Tip for Slim Scriber (0.5mm x 30mm)	£1.50

CHINA MARKERS suitable for smooth writing on china, glass, plastics, rubber and smooth non porous and porous surfaces.

CODE	TYPE	PRICE
040-652	China Markers Pack of 2	£1.00

AUTOMATIC CENTRE PUNCH/SCRIBES

SLIMLINE POCKET SCRIBE/AUTO CENTRE PUNCH a good quality a pencil type scribe for delicate scribing and doubles as an automatic centre punch. When scribing, if a reference mark is required, simply depress the scribe and an internal hammer mechanism strikes the point and a perfect mark is made. The punch is adjustable to allow for working hard or soft materials. The scribe has a pocket clip. Length 150mm.

CODE	TYPE	PRICE
040-023	Slim Pocket Scribe/Auto Centre Punch	£6.99

SLIM SCRIBER/AUTO CENTRE PUNCH a pencil type scribe for delicate scribing. A feature of this tool is that it also doubles as an automatic centre punch. When scribing, if a reference mark is required, simply depress the scribe and an internal hammer mechanism strikes the point and a perfect mark is made. The punch is adjustable to allow for working hard or soft materials. The scribe has a pocket clip and spare points are available. Length 5½".

CODE	TYPE	PRICE
SCR206	Slim Scriber/Auto Centre Punch	£14.99
SCR207	Spare Tip for Slim Scriber/Auto Centre Punch	£4.89

CENTRE PUNCHES

PRIORY CENTRE PUNCHES a high quality range of hardened steel punches carefully heat treated for long life. Precisely knurled body with square head which gives good striking area and prevents the punch from rolling. Manufactured in England.

CODE	TYPE	PRICE
CP-116	Priory Centre Punch 1/16"	£3.79
CP-332	Priory Centre Punch 3/32"	£3.79
CP-18	Priory Centre Punch 1/8"	£3.79
CP-532	Priory Centre Punch 5/32"	£3.79
CP-316	Priory Centre Punch 3/16"	£3.79
CP-14	Priory Centre Punch 1/4"	£3.79

ECL351B	Eclipse Centre Punch 5/32"	£3.99
ECL351C	Eclipse Centre Punch 3/16"	£3.99
ECL351D	Eclipse Centre Punch 1/4"	£3.99

DRAPER OCTAGONAL CENTRE PUNCH an expert quality octagonal centre punch, manufactured from specially air hardened chrome vanadium steel for long life. The tips are accurately ground with specially tempered heads.

CODE	TYPE	PRICE
51752	Draper Octagonal Centre Punch 120 x 4mm	£3.49
51760	Draper Octagonal Centre Punch 120 x 5mm	£3.49
51778	Draper Octagonal Centre Punch 150 x 5mm	£5.49

AUTOMATIC CENTRE PUNCH a hand operated centre punch which does not require a hammer. The tool is held in an upright position and then depressed for a perfect centre mark every time. Adjustable for hard/soft materials, light/heavy indents. Heavy knurled body for easy handling. Length 130mm.

CODE	TYPE	PRICE
040-289	Automatic Centre Punch	£4.99

AUTOMATIC CENTRE PUNCH an expert quality heavy duty automatic centre punch with special S2 steel tip for marking hard materials. Adjustable striking force, with knurled body for easy handling.

CODE	TYPE	PRICE
13612	Automatic Centre Punch	£10.99

H/D AUTOMATIC CENTRE PUNCH an automatic centre punch which is ideal for making light indents to heavy punching without using a hammer. The pressure can be varied by rotating the head.

CODE	TYPE	PRICE
040-101	H/D Automatic Centre Punch 150mm	£7.99

PRIORY 271 AUTOMATIC CENTRE PUNCH a high quality automatic centre punch which is ideal for making light indents to heavy punching without using a hammer. The depth of impression can be adjusted via the screw cap for light indents to heavy punching.

CODE	TYPE	PRICE
040-271	Priory 271 Automatic Centre Punch 160mm	£15.99

SQUIRES MODEL & CRAFT TOOLS

OPTICAL CENTRE PUNCH

OPTICAL CENTRE PUNCH a precision tool which provides a simple yet accurate method of precise centre punching on finely scribed work. It consists of a steel holder, 2 clear acrylic rods and 2 hardened steel punches with a 60° and 90° point. The acrylic rods have an engraved cross on one and a bullseye on the other. The rods are used to sight the positioning, acting to carry light and to magnify at the same time. Once aligned the base which has a non-slip surface on the underside, is held firmly and the acrylic rod is exchanged for the chosen punch which is the lightly struck leaving an indentation in the precise position. The position can be re-checked if required by replacing the acrylic rod. Base diameter 48mm, diameter of punches 9.5mm. Supplied in a wooden box.

CODE	TYPE	PRICE
040-244	Optical Centre Punch.....	£28.99

ENGINEERS BLUE

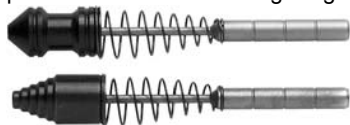

MICROMETER ENGINEERS MARKING BLUE gives a clear mark on any metal in any light, and being a lubricant it cannot damage bearings or other working parts. Supplied in a 38g tin.

CODE	TYPE	PRICE
EGBLUE	Engineers Blue.....	£4.89

TRANSFER PUNCHES

TRANSFER PUNCHES a pair of unique punches used for transferring the positions of holes from one piece of work to another. One punch has 5 locating diameters varying from 6 - 19mm, the other has a conical end for transferring the positions of counter-sunk holes. The master is placed on top of the new piece of material, a light tap with a hammer is required to drive the spring loaded punch into the new workpiece below. The working length of the punch is 30mm, overall length is 110mm.

CODE	TYPE	PRICE
040-026	Transfer Punches Pair.....	£14.99

S/L 28 PIECE TRANSFER PUNCH SET 2 - 13mm a 28 piece transfer punch set. Punches range from 2-13mm (3/32"-1/2"). They accurately transfer holes drilled in one workpiece to another. With pointed tips for precision marking.

CODE	TYPE	PRICE
040-575	S/L 28 Piece Transfer Punch Set 2 - 13mm.....	£16.99

TRANSFER PUNCH SET a full set of transfer punches ranging from 3/32" to 1/2" diameter. They are used to transfer the position of holes drilled in one workpiece to another quickly and accurately. The master workpiece is placed on top of the next workpiece, the punch is placed in the hole and the small point on the end the punch marks the position of the next hole to be drilled. The punches are hardened and ground. Supplied as a set of 28 punches in a storage stand. Length of punches 4-7/8".

CODE	TYPE	PRICE
040-031	28 Piece Transfer Punch Set.....	£24.99

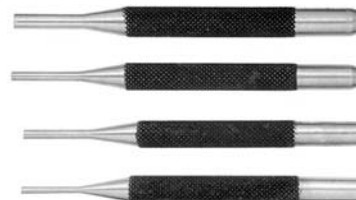

DRIVE PIN PUNCHES

MINIATURE PIN PUNCH SET a high quality miniature pin punch supplied with 2 spare tips. Used for various applications including driving miniature pins, and producing rivet marks in thin sheet. Available with either 0.8mm or 1.0mm tips. Note the tips are not interchangeable.

CODE	TYPE	PRICE
041-000	Miniature Pin Punch 0.8mm.....	£5.99
041-001	Miniature Pin Punch 1.0mm.....	£5.99

4" DRIVE PIN PUNCH SET hardened parallel pin punches ideal for driving shafts and removing cotter pins etc. Knurled body with centreless ground tip. The 1/16" punch is available individually.

DPSS10 sizes:-
1/16" 3/32"
1/8" 5/32"

CODE	TYPE	PRICE
DPP116	Drive Pin Punch 1/16".....	£2.50
DPSS10	Drive Pin Punch Set 1/16"-5/32".....	£6.99

PARALLEL PIN PUNCH 3/32" a parallel pin punch with a heavy knurled body and 3/32" pin punch. The length overall is 150mm with a 43mm parallel drive.

CODE	TYPE	PRICE
DPP007	Parallel Pin Punch 3/32" - Length 150mm.....	£2.99

PARALLEL PIN PUNCHES long pattern 200mm overall length with 90mm parallel drive. 5 sizes available individually and a set containing one of each size in a wallet.

CODE	TYPE	PRICE
19675	Parallel Pin Punch 1/8".....	£2.99
19676	Parallel Pin Punch 3/16".....	£3.25

DRAPER OCTAGONAL PARALLEL PIN PUNCH 6 P/c SET an expert quality octagonal parallel pin punch set. Made of air hardened chrome vanadium steel for long life with accurately ground tips and specially tempered heads. Supplied in a steel magazine case. Tip diameters of 2, 3, 4, 5, 6 and 8mm.

CODE	TYPE	PRICE
74712	Draper Octagonal Parallel Pin Punch 6 P/c Set...	£53.80

SLIDING PUNCH SET a set of sliding punches used by clock makers and engineers for chasing pins or dowels on fine equipment. When chasing a small pin or dowel with a conventional pin punch the punch spindle may sometimes buckle in use if the pin is stuck. The body of the punch is slid down to the end of the punch so that the whole punch is placed over the job. The punch is then gently tapped with a hammer to move the pin, the body of the punch supports the spindle of the punch. The punches are made from chrome vanadium steel, the sliding punch body is nickel plated. The sizes included in the set are:- 0.9, 1.4, 1.8, 2.4, 2.8, 3.4, 3.9 and 5.9mm.

Supplied in a wallet.

CODE	TYPE	PRICE
040-028	8 Piece Sliding Punch Set.....	£26.99

DRAPER LONG TAPER PIN PUNCH an expert quality engineer's pattern long taper pin punch, manufactured from specially air hardened chrome vanadium steel for long life.
