# SQUIRES MODEL & CRAFT TOOLS

## SCREW STARTERS

**NYLON BODY SCREW STARTERS** for use with plain slot or Phillips screws. They are particularly useful when starting small screws in confined spaces. The blade of tool is closed to allow the screw to be placed on the end of the tool, the spring mechanism is then released which holds the screw securely even when inverted. The screw can then be fitted, the tool is self releasing as the threads are engaged. The handles are shock resistant nylon, contoured for a firm grip. Available for plain slot screws or Phillips cross slot screws. Both types are available in 3 handle lengths. Fits M3 and above.

CODE	TYPE	PRICE
010-318	Plain Slot Screw Starter Nylon Body 70mm N-1..	£14.99
