"MINI" CATALOGUE

POWER TOOLS

POWER TOOLS MINI CATALOGUE FEBRUARY 2020

SQUIRES MODEL & CRAFT TOOLS

Dear Customer,

Welcome to our **Power Tools "Mini" Catalogue**.

We have been promising a complete new **Tools & Materials Catalogue** for some time. Much of the preparation work for the new catalogue is well under way, but there is still many new products still being worked on. As we cannot print the new catalogue until the last page and full stop is complete, we have decided to publish a number of **"Mini" Catalogues** to keep you informed.

The shop renovations are progressing well and many customers come down to visit, but if you are too far away to visit us, we exhibit at many shows around the country which we advertise on our website and in the model press. We hope to see you at some of the shows.

Kind Regards
Roger Lewis

ORDERING INFORMATION

1. ORDERS BY POST

please send to:- Squires Model and Craft Tools
100 London Road
BOGNOR REGIS
West Sussex
PO21 1DD

ORDERS BY TELEPHONE:- 01243 842424

Shop hours:- 9.00 - 5.00 Monday - Friday Saturday 9.00 - 4.30
Closed on National Bank Holidays

2. When ordering please quote **ORDER CODE** and **DESCRIPTION**, plus **QUANTITY** required, whenever possible please use our order form. Please keep a copy of your order for your records.

3. All prices in this catalogue include VAT at 20% and are for the quantity shown i.e. each, per pack etc. Note: If the rate of VAT or the basis under which VAT is charged is changed, then our prices will change in accordance with the new rates as soon as they come into force.

4. Prices for mail order, retail and exhibition sales are the same. When we promote a product or pass on a manufacturers or suppliers price reduction this will be offered to all customers purchasing the applicable product for the period of the price reduction. If you have over remitted a refund will be made, if you are remitting by credit card you will be charged the lower price. The right to increase prices without prior notice is reserved.

5. You may pay for your order by:- CHEQUE, POSTAL ORDER crossed and made payable to **SQUIRES**, by CREDIT CARD - MASTERCARD, VISA or by DEBIT CARD. If you wish to send cash this MUST be sent by REGISTERED mail. Payment for overseas orders is required by CREDIT OR DEBIT CARD. Please do **NOT** use email to send your credit card details, please use telephone.

6. Our **MINIMUM MAIL ORDER VALUE IS £15.00** and is dispatched **POST FREE (Except Aerosols)** to a **SINGLE U.K.** destination. Overseas postage is at COST, VAT free OUTSIDE the EC ONLY. Note we are NOT able to issue VAT exemption forms by post. ****NOTE - Aerosol Containers cannot be sent by Royal Mail and are subject to a Despatch Surcharge****

7. Most orders received by post will be dispatched by return, telephone orders received up to about 3.00pm will usually be dispatched the same day, any items that we are unable to supply immediately, and that we can supply in a reasonable time will be advised as a "TO FOLLOW" item and the EXPECTED DISPATCH DATE will be advised. If we are unable to supply an item within twenty-eight days we will make an immediate refund and advise the expected date of availability for re-ordering if required. NOTE when payment is made by credit card we will only charge for the items that we are able to despatch, items that are out of stock and marked "to follow" will be charged at the time of despatch. Items ordered that we cannot supply within the above terms will be cancelled.

8. **Damaged goods please contact us for instructions BEFORE returning.** Goods sent in error may be returned and will be replaced as soon as we receive them, provided that they have been carefully packed and that we have stock available. **SECOND CLASS** Royal Mail postage only will be refunded.

9. **Consumer Contracts - 14 Day Money Back Policy.** Squires offer a 14 day money back policy. To return a product you must first telephone Squires to obtain a Returns Number, this must be noted on all documentation and on the outer packaging when the goods are returned, **NO** markings are to be made on the product or products packaging. Your documentation must include your proof of purchase. The returned item must be complete, unused and in an "as new" condition with the original packaging. We will not accept for return items that have had a manufacturers/suppliers warranty or registration invoked, this will be deemed as Customer acceptance of the goods. Squires must receive all returns within 14 days of the Returns Number being issued, any goods received after the 14 days will be dealt with individually. All returns are to be sent to Squires, 100 London Road, Bognor Regis, West Sussex, PO21 1DD. Carefully package the item and ensure sufficient postage is paid, goods are returned at the customers own cost and risk, you must obtain proof of posting in case of non-receipt. **Squires will not accept parcels that have insufficient postage paid.** Do not return goods without a Returns Number, as this may delay credit. Note Certain products due to their nature are exempt from the 14 Day Money Back Policy, this would include for example consumable items, kits that have been built, cut cable etc. **Note Squires are NOT able to issue Returns Numbers or accept return of Goods under "Consumer Contracts Regulations" at our Exhibition Sales Stand.**

28515	Proxxon Model Building Precision Drill Kit 28515.....	£82.99

PROXXON MICROMOT DRILL 230/E designed for drilling, milling, grinding, polishing, brushing, cutting and engraving. The extremely slim housing of glass-fibre reinforced POLYAMIDE with a soft component grip area enables the unit to be handled with two fingers (pen grip). The maximum speed of 21,500rpm can be continuously reduced to 6,500rpm through full-wave electronics and has nearly the same torque at the lower speeds. Ground, ball-bearing spindle. High quality MICROMOT steel collets.

CODE	TYPE	PRICE
28440	Proxxon Micromot Drill 230/E 28440.....	£74.99

PROXXON MICROMOT 50 E/F 12V DRILL a slim easily handled light weight drill that features an automatic action chuck. Electronic variable speed with feedback. Fitted with a low noise DC motor. Length 220mm. A 12V MICROMOT mains adaptor (28706) is required to operate this tool.

CODE	TYPE	PRICE
28512	Proxxon Micromot 50 E/F 12V Drill.....	£34.99

PROXXON PRECISION DRILL FBS12/EF a precision tool for delicate or small jobs. Ideal for precision drilling, milling, sanding, polishing, engraving and cutting. Includes a keyless chuck (capacity 0.3 - 3.2 mm). Precision ball bearing minimises spindle side play. Spindle lock button for bit changing removes the need for spanners. Recessed spindle head for inserting MICROMOT steel collets. Efficient forced ventilation cooling of motor (and electronic components in "E" model). High quality 12-18 Volt, 5 pole motor with variable speed of 3,000 to 15,000rpm. Fibreglass reinforced polyamide casing. For use with MICROMOT transformers of at least 2.0A.

CODE	TYPE	PRICE
28462	Proxxon Precision Drill FBS12/EF.....	£44.99

PROXXON MICROMOT DRILL STAND MB200 made from diecast aluminium and has a head which can be tilted through 90° allowing for diagonal drilling. It has a standard 20mm collar for MICROMOT drilling and milling machines. The solid, hard chromium plated steel column measures 280 x 20mm, throat capacity of 140mm. The table measures 220 x 120mm and has all holes pre-drilled and tapped to accept the KT 70 compound table. The MS 4 machine vice can also be used. Weight 2.2kg.

CODE	TYPE	PRICE
28600	Proxxon Micromot Drill Stand MB200.....	£89.99

PROXXON MACHINE VICE MS4 made of die-cast zinc with three machined sides and horizontal & vertical V-slots in the jaws. Jaw width 50mm and height 10mm. Maximum clamping width 34mm.

CODE	TYPE	PRICE
28132	Proxxon Machine Vice MS4.....	£16.43

SQUIRES MODEL & CRAFT TOOLS

PROXXON PROFESSIONAL MINI DRILL AND GRINDER perfect for jewellers, mechanics, model builders, electronics and professionals. Comes with a 6 piece collet set covering 1-3.2mm. This 100W high revving tool has a special balanced, low noise DC motor which has full wave electronic speed control. The ground steel spindle runs in a ball bearing. Stable gear head of die cast aluminium with 20mm MICROMOT collar allows fitting of optional drill stands and horizontal stands. The variable speed control gives a range of 5,000 to 20,000rpm. The drill has a hanging loop, used when the tool is coupled up to a flexible shaft. Supplied in a plastic storage case with 34 cutting, grinding, drilling and sanding accessories.

CODE	TYPE	PRICE
28481	Proxxon Prof. Mini Drill/Grinder IBS.....	£99.99

PROXXON ANGLED DRILL/ MILLING MACHINE perfect for drilling and milling in hard to reach places with a set of gears running on several ball bearings in a stable, die cast aluminium housing. Is suitable for right angled separation of rods with a special balanced powerful, quiet and long lasting DC motor. Comes with a 6 piece collet set covering 1-3.2mm. A 100W tool with variable speeds of 3,000 - 15,000rpm. Supplied in a stable plastic storage case.

CODE	TYPE	PRICE
28492	Proxxon Angled Drill/Miller Machine.....	£117.96

PROXXON BELT SANDER a compact, light and well balanced, belt sander with super driving power for maximum sanding performance. The 40mm wide sanding belt is located flush on the left side to allow surfaces to be sanded "right down to the corner". A fine adjustment for the rollers prevents run off on the side. Spring clamping system for easy replacement of belts without tool. Supplied with a sturdy plastic carrying case together with 5 each 150 grit and 240 grit sanding belts and a clamp for stationary, inverted use

CODE	TYPE	PRICE
28526	Proxxon Belt Sander.....	£141.50
28922	Proxxon Belt Sander Spare Belts 5pk 80 Grit.....	£6.59
28924	Proxxon Belt Sander Spare Belts 5pk 150 Grit.....	£6.59

PROXXON MIC MICRO CUTTER this extremely handy tool will effortlessly and cleanly cut most materials (not metals) up to 4mm thick. The powerful DC motor in this compact tool ensures a very high cutting performance. At just 36mm in diameter making the ergonomically shaped casing easy to hold and is easy to guide accurately. The blade is protected by a fold up guard and the design allows you to make cut-outs very easily. If you use wood, plastics, GRP, card, foil or other materials then this cutter will make your task so much easier..

CODE	TYPE	PRICE
28650	Proxxon MIC Micro Cutter.....	£74.99
28652	Proxxon Spare Blade for MIC Micro Cutter.....	£8.95

PROXXON MICROMOT 60 MILL/DRILL with a diameter of only 35mm and its low weight, the 12V Proxxon MICROMOT 60 has great balance and is easy to manipulate. This versatile tool lets you engrave, cut, sand, polish, grind and more. It comes with a set of 5 high-quality MICROMOT steel collets (1 each of 1, 1.5, 2, 2.4, 3 and 3.2mm). These hardened steel collets have 3 slits. The design results in an increased bearing surface, ensuring positive and accurate clamping of even the smallest shanked bits. The tool has a standard 20mm collar for stationary use with Proxxon drill stands MB140/S and MB 200 as well as in the universal holder. The drill is a single speed machine running at 20,000 rpm. The machine requires a suitable mains adaptor, we recommend MICROMOT mains adaptors NG 2/S, NG 2/E or NG 5/E.

CODE	TYPE	PRICE
28500	Proxxon Micromot 60 Mill/Drill.....	£32.99

PROXXON MICROMOT MILL/DRILL 60/E is a variable speed machine from 5,000 to 20,000 rpm with high torque at lower speeds. With a diameter of only 35mm and its low weight, the 12V drill has great balance and is easy to manipulate. It comes with a set of 5 high quality MICROMOT steel collets (1 each of 1, 1.5, 2, 2.4, 3 and 3.2mm). These hardened steel collets have 3 slits. The design results in an increased bearing surface, ensuring positive and accurate clamping of even the smallest shanked bits. The tool has a standard 20mm collar for stationary use with Proxxon drill stands MB140/S and MB 200 as well as in the universal holder UHZ. The machine requires a suitable mains adaptor, we recommend MICROMOT mains adaptors NG 2/S, NG 2/E or NG 5/E.

CODE	TYPE	PRICE
28510	Proxxon Micromot 60/E Mill/Drill.....	£34.99

PROXXON FS FOOTSWITCH for hands-free precision work and easy operation. The FS connects to all machines with a Euro plug, class 2 insulation and maximum power consumption of 500W. It is ideal for both portable and stationary machines. The housing is made from fibreglass reinforced NYLON. The mains (240V) cable is 2,500mm in length and the output cable is 500mm long. When using 12V MICROMOT tools the transformer is connected to the footswitch..

CODE	TYPE	PRICE
28700	Proxxon FS Footswitch.....	£18.99

PROXXON MICRO SCREWDRIVER SET 15 PIECE the revolving top and finger mould improve ease of use. The set is supplied in a practical stand that may be used as benchtop stand or fixed to a wall. This 15 piece set comprises, slot-head: 1.0mm, 2.0mm and 3.0mm; Phillips head: PH 0.3, PH 0 and PH 1.2; torx: T5, T6, T8, T10 and T15; hex: 1.5mm, 2.0mm, 2.5mm and 3.0mm.

SQUIRES MODEL & CRAFT TOOLS

PROXXON PS13 PEN SANDER 12V DC is ideal for working on surfaces in recesses, slots and other awkward to get at areas. The durable special DC motor is housed in a glass fibre reinforced polyamide casing and is only 160mm long. The unit features a sanding stroke with a linear action, not rotational. Supplied with four sanding arbors with straight shanks and four angled (all different shapes) as well as three sheets of pre-profiled self adhesive sanding pads. The sheets are of grits 180, 240 and 400 with five of each shape per sheet. N.B. A mains adaptor of at least 1.0A at 10-18VDC is required.

CODE	TYPE	PRICE
28594	Proxxon PS13 Pen Sander 12V DC.....	£28.09

PROXXON FLEXISHAFT WITH 6 COLLETS a truly flexible shaft, 1 metre long. The highly-flexible core ensures no overheating even when working tight radii. Length 1,000mm, maximum speed 25,000rpm. Fitted with a delicate hand piece complete with six steel collets (1.0 - 1.5 - 2.0 - 2.4 - 3.0 and 3.2mm) for accurate holding of rotary tools and collet nut. Suitable for use with any of the Proxxon range of tools or indeed any type of power source that can grip the 3mm male shaft of the unit.

CODE	TYPE	PRICE
28620	Proxxon Flexishaft with 6 Collets.....	£34.99

PROXXON FLEXISHAFT WITH 3 JAW CHUCK a truly flexible shaft, 1 metre long with a delicate hand piece complete with a quick action chuck 0.3mm to 3.2mm. The highly flexible core ensures no overheating even when working tight radii. Length 1,000mm, maximum speed 25,000rpm. The 110/BF is fitted with a quick-action chuck 0.3 to 3.2mm bringing considerable advantages especially when working with different sizes of high-speed drills, and accessories of different shank diameters

CODE	TYPE	PRICE
28622	Proxxon Flexishaft 3 Jaw Chuck.....	£31.99

PROXXON MAINS ADAPTOR NG2/S SINGLE SPEED a single speed mains adaptor 230V to 12V units suitable for many of the Proxxon machines. The red LED indicates readiness for use and the PTC element (Positive Temperature Coefficient) prevents overload of the unit. A foldable tool rest provides a secure place for keeping the MICROMOT tools at the ready. The mains adaptors do not include the illustrated mill/drill units

CODE	TYPE	PRICE
28706	Proxxon Mains Adaptor NG2/S Single Speed.....	£29.99

PROXXON MAINS ADAPTOR NG2/E VARIABLE SPEED is a 230V to 12V unit suitable for many of the Proxxon machines. The red LED indicates readiness for use and the PTC element (Positive Temperature Coefficient) prevents overload of the unit. A foldable tool rest provides a secure place for keeping the MICROMOT tools at the ready. The mains adaptors do not include the illustrated mill/drill units

CODE	TYPE	PRICE
28707	Proxxon Mains Adaptor NG2/E Variable Speed...	£34.99

PROXXON MAINS ADAPTOR NG5/E a 12V to 230V adaptor. Variable speed control with feedback effect for optimum tool speed and high torque at low speeds. Three polarised sockets for MICROMOT machines. A pair of sockets for standard banana plugs (4mm diameter) is also supplied. Master switch for turning off the transformer without needing to unplug. Red LED indicates 'ready'. PTC (Positive Temperature Coefficient) element prevents overload (and plugged-in tool will not restart automatically). After cooling down, the mains plug should briefly be unplugged to reset the adaptor. With storage holes for tools with 2.35mm and 3mm shafts. Foldable tool rest for the MICROMOT tool. The mains adaptors do not include the illustrated mill/drill units.

CODE	TYPE	PRICE
28704	Proxxon Mains Adaptor NG5/E.....	£73.35

PROXXON MICROFLAME BURNER a super fine flame shape. Rechargeable with standard lighter fuel. Used for soldering, de-soldering, brazing or heating of workpieces. Ideal for model building, electronics, jewellery repairs, dental laboratories, Independent air and fuel adjustments. Super fine flame shape with temperature attaining 1,300°C, using butane cartridge. Fitted with piezo lighter and 500ml cartridge yielding typical usage of 120 minutes. Includes removable foot which ensures stability on the worktop

CODE	TYPE	PRICE
28146	Proxxon Microflame Burner.....	£38.60

PROXXON THERMOCUT 12/E HOT WIRE CUTTER for free cutting in thick styrofoam panels for Dioramas. No "crumbling" as when working with knife and sandpaper. Stable frame with pivoted fixing element and extendable lower wire fixing. This gives a maximum extension of 200mm. Workpiece height 150mm. Cutting wire temperature infinitely variable. Heat-up time is 1 second. Complete with five deformable cutting wires 200 x 0.85mm. Cutting wire temperature is variable between 150° and 350°. We recommend MICROMOT mains adaptors with a capacity of 2.0A for operation.

CODE	TYPE	PRICE
27082	Proxxon Thermocut 12/E Hot Wire Cutter.....	£38.94
28082	Spare Wires for Proxxon 27082 Cutter 10pk.....	£15.60

SQUIRES MODEL & CRAFT TOOLS

PROXXON THERMOCUT HOT WIRE CUTTER has a double function fence with lockable feed bar. The unit's double wound transformer and insulation to class 2 ensure the cutter is safe. The cutting wire operates at 10V, 1A. The large base with 390 x 280mm table ensures smooth and easy movement of the work-piece. The printed grid and protractor ease division and cutting. Solid aluminium overarm has a 350mm throat and offers 140mm capacity in height. The holder and wire coil (30m, 0.2mm diameter is included), may be shifted along the overarm to enable mitre cutting. An LED indicates operation and prevents burnt fingers (the cutting wire heats to maximum in less than 1 second). The correct temperature, being material type and thickness dependent, is learnt from experience. Optimum profiles are cut at lower temperatures and cutting force.

CODE	TYPE	PRICE
27080	Proxxon Thermocut Hot Wire Cutter 240V.....	£103.00
28080	Proxxon Spare Hot Wire for 27080.....	£7.70

PROXXON KS230 BENCH CIRCULAR SAW a small precise mains driven modelling saw with an 8mm depth of cut using the standard 58mm diameter blade. It has a fully machined aluminium table top 160 x 160mm mounted on a sturdy ABS base, and comes with a mitre fence and rip fence. There is a 34mm diameter dust extraction port at the rear of the machine
